- Input voltage: 240V AC
- Rated door area 16.5m²
- Rated door weight: 160kg
- Pulling force: 1000N
- 433.92 MHz AM radio with rolling code

Powerful DC sectional door opener for heavy double door garages

Rated door area	Rated door weight	Pulling force	Motor	Drive
16.5m ²	160kg	1000N	DC	Chain/belt

Suitable for all tilt or sectional garage doors up to 16.5m²

Soft Start/Stop Function

The MT1000 is equipped with Chamberlain Soft Start/Stop technology, designed to ensure smooth and quiet door operation and longer life

Automatic Safety Function:

With its automatic safety function your garage door will stop and reverse automatically if obstructed going down or stop if obstructed going up. Your door can also be stopped and locked at any height for ventilation

Automatic Force Sensing:

Equipped with automatic force sensing, with each operation the garage door opener monitors and adjusts the force needed to open your garage door

Ultra Quiet Belt Option

The C rail track combined with a belt drive system means the door produces little or no sound when opening or closing

Wireless Wall Button:

Wireless push button equipped with rolling code technology for remote operation in the garage or home

Three Channel Mini Remote:

A three channel mini-remote control with rolling code technology can control up to three different doors or gates

Accessories:

A wide range of accessories is available for this motor. Refer to our website (www.chamberlainanz.com) for further details

Warranty:

The MT1000 comes with a two year general warranty and a five year warranty on the motor
