Soft Start/Stop Function

The MT60 is equipped with Chamberlain Soft Start/Stop technology, designed to ensure smooth and quiet door operation and longer life

Automatic Safety Function:

With its automatic safety function your garage door will stop and reverse automatically if obstructed going down or stop if obstructed going up. Your door can also be stopped and locked at any height for ventilation

Automatic Force Sensing:

Equipped with automatic force sensing, with each operation the garage door opener monitors and adjusts the force needed to open your garage door

Manual Release:

In case of power failure you can simply activate the manual release to open your garage door

Three Channel Mini-Remote:

A three channel mini remote control with rolling code technology can control up to three different doors or gates

Accessories:

A wide range of accessories is available for this motor. Refer to our website (www.chamberlainanz.com) for further details

All in one:

The Merlin MT60 is supplied with motor and hardware in-one-box. Designed to be easy and convenient, the MT60 motor is suited to high volume competitive installations

Warranty:

The MT60 comes with a two year warranty
